

RDC-F

Fixed Height Joist Cradle

Overview

The Fixed Height Joist Cradle is a low-height pedestal designed to provide stable support to all conventional decking, railing, paving, and other flooring applications. The recycled rubber pedestal is suitable for use in both external and internal applications and offers incremental adjustment using shims.

- 10mm and 20mm options available
- 2mm and 5mm shims available
- Made using 92% recycled tyre tread material
- Supports the joist at four contact points

Details

Material	Rubber crumb (92% recycled tyre tread)
Dimensions	Base size: 100x100mm
Joist width capacity	30-48mm

Performance

Compressive strength	800kg per pedestal
Biological and chemical	Resistant to moulds, algae, alkali, bitumen
Warranty	10 years*

*when used as part of a complete RYNO system

Part information

Part code	Height	Pack quantity
RDC-F 10	10mm	3000
RDC-F 20	20mm	2880
