

RPF-LH

Low-Height Adjustable Paving Support Pad

Overview

The Low-Height Adjustable Paving Support Pad is an innovative ultra-low height paving pedestal with height adjustability. The threaded design provides millimetre-perfect adjustability across a large height range, making installation straightforward and rapid.

- Perfect for ultra-low height applications on terraces, podiums, and roof decks
- 2mm and 4mm spacer tab options
- "Snap off" spacer tabs for easy removal
- Finger grips enable easy adjustment
- Suitable for all calibrated paving types, including porcelain, concrete, and natural stone
