## Eiger Porcelain Planter Rail Kit

Patent Pending:  
GB 2407206.8

### Overview

The Eiger Porcelain Planter Rail kit is a patent-protected set of components that create a system of tracks to house the porcelain planter face tiles. Made from extruded aluminium, they feature 2 designs of top rail, Classic or Contemporary, and options of different angles to create a truly one of a kind planter system. The kit includes connector brackets to fix the track together, providing a complete, integrated system.

- 2 top rail profiles to enable design creativity
- Multiple corner profiles allowing unique planter shapes
- Can create inset benches
- Modular system can be adjusted on site
