

VPC

Vertical Paving Rail Closure Kit

Patent Pending:
GB2115912.4

Overview

The VPC Vertical Paving Rail Closure Kit is an aluminium product designed to facilitate the connection of a vertical paver to the rail system, creating a vertical face and hiding the raised support system where there is a visible change in level surface. It can be fixed to the side of the RST27 top rail, and to the ends, enabling use in a range of scenarios. It can be powder coated to closely match or contrast with the paved surface.

- Made from durable aluminium
- Enables vertical closure of a raised paving system
- Can be powder coated to closely match or contrast paving

Details

Material	Aluminium 6063-T6
Dimensions	See "Part information"
Weight	See "Part information"

Performance

Reaction to fire (BS EN 13501-1)	A2-s1, d0
Warranty	30 years*
Design life	60 years

*when used as part of a complete RYNO IGNO system

Part Information

Description	Dimensions	Weight
Closure profile	33x44x3600mm	0.408kg per LM
Bracket	64x22mm	0.02kg

Compatible Components

	RST		PT-QU
	Aluminium Paving Support Rail		Quadro Porcelain Paver
