

AG-SP Artificial Grass Base Shockpad

Overview

The Artificial grass base shockpad is a 10mm thick closed-cell PE foam shock pad which provides a perfectly stable feeling on the artificial grass surface. It is highly durable, providing consistent performance throughout its service life, has excellent drainage properties with no water absorption, and is quick and easy to install. It has been tested as part of a complete system build up and achieved B_{roof}(t4) classification under BS EN 13501-5.

- Provides stable subsurface
- Achieves B_{roof}(t4) classification
- Quick and easy to install

Details

Material	Closed-cell PE foam
Weight	0.5kg/m ²
Dimensions	1.2m x 1.6m, thickness 10mm

Performance

Reaction to fire (BS EN 13501-5)	B _{roof} (t4)*
---	-------------------------

*when installed as part of a complete RYNO system

Compatible Components

	BB		AG
	Baseboard		Glade Artificial Grass
