

# AF-SB Aluminium Frame Soffit Board

## Overview

The Aluminium Frame Soffit Board is a sleek soffit designed for ultimate versatility, making it ideal for remediation projects with varying sizes and fixing details to overcome. It neatly integrates with the Drip Edge Closure Kit for an edge drained solution, and with the Gutter Kit for a controlled piped drainage solution. It is made from aluminium for ultimate fire resistance, and at 200mm wide enables a quick and easy installation.

- Versatile design for remediation
- Made from non-combustible aluminium
- Seamless integration with edge drainage or piped drainage
- 200mm wide boards for fast installation

## Details

<b>Material</b>	Aluminium 6063-T6
<b>Dimensions</b>	200x3600mm
<b>Weight</b>	1.36kg/m
<b>Coating</b>	Qualicoat 'Seaside' Class 2 powder coating

## Performance

<b>Reaction to fire (BS EN 13501-1)</b>	A2-s1, d0
<b>Biological and chemical</b>	Resistant to moulds algae, alkali, bitumen, UV
<b>Warranty</b>	30 years*
<b>Design life</b>	60 years

\*When used as part of a complete RYNO system
