

E-FR Non-Combustible Pedestal Extension

Patent Pending:
GB 2409516.8

Overview

The E-FR Non-Combustible Pedestal Extension is designed to simplify as drawn and as-built height differences. It is crafted from steel and zinc-nickel electroplated for corrosion resistance. This part is compatible with the Non-Combustible Adjustable Paving and Decking Support Pedestals and offers an additional 25mm of adjustment range to the pedestal it is combined with, providing a straightforward and practical solution.

- Zinc-nickel electroplated for superior corrosion resistance
- Compatible with any RP-FR and RD-FR non-combustible pedestals
- Non-combustible

Details

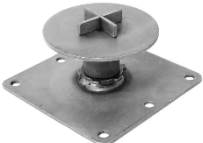

Material	Zinc-nickel electroplated mild steel
Dimensions	Total size 45mm
Working dimensions	Adjustment range 25mm Combine up to a maximum of 5 collars

Performance

Reaction to Fire (BS EN 13501-1)	Inherently A1 (Decision 94-611/EC)
Compressive strength	≤5kN
Biological and chemical	Resistant to corrosion, moulds, algae, alkali, bitumen, UV
Warranty	30 years*
Design life	60 years

*when used as part of a complete RYNO IGNO system

Compatible Components

	<p>RP-FR Non-Combustible Adjustable Paving Support Pedestal</p>		<p>RD-FR Non-Combustible Self-Levelling Paving Support Pedestal</p>
