

CC

Click Fix Channel

Overview

The CC Click Fix Channel is designed for use with the ADB Aluminium Decking Board. This optional clip-in fixing allows for the indirect fix boards to be secured to balcony steels without additional joists or buildup, making it a perfect choice in certain applications. The CC Click Fix also enables tool-free board replacement and allows for flexibility in board gap widths.

- Designed for use with ADB Aluminium Decking Board
- Ultra-low height applications
- Tool-free board replacement
- Flexible board gap widths
