

RPF

Fixed Head Adjustable Paving Support Pedestal

Overview

The RPF Fixed Head Adjustable Paving Support Pedestal is a plastic support pedestal designed to support all types of calibrated paving. The adjustable thread provides millimetre-perfect adjustability across a large height range, making installation straightforward and rapid.

- Snap-off spacer tabs for consistent spacing and easy removal
- Large height range available
- A cut-off base allows for placement against the wall abutment
- Height extension collar raises the total height in 100mm increments
- Holes in the base allow for drainage and fixing to substrates
- Suitable for all calibrated paving types, including porcelain, concrete, and natural stone

Details

Material	Polypropylene (recyclable)
Dimensions	Base size: 200mm Head size: 120mm (diameter)
Spacer tab thickness	4mm (standard)
Spacer tab thickness options	2mm/6mm/8mm/10mm
Height range	See “Part information” below
Weight	See “Part information” below

Performance

Reaction to fire (BS EN 13501-5)	B _{ROOF} (t4)*
Compressive strength	1000kg + per pedestal
Allowable load	See “Compatible system” data
Biological and chemical	Resistant to moulds, algae, alkali, bitumen, UV
Warranty	10 years*

*when used as part of a complete RYNO system
